

**SUITABILITIES:**

- ☐ Suitable for Holiday Hotels  
☐ Suitable for Only Adults Hotels  
☒ Suitable for Cruising  
☐ Suitable for Functions & Events  
☐ Suitable for Theatres

Es un grupo de fama consolidada en las Islas Canarias y tras colgar el cartel de 'Entradas agotadas' en la mayoría de teatros por donde han pasado, emprenden su viaje por el resto del país, ofreciéndose –a través de esta audición– también al mercado internacional de cruceros.

Su primer álbum '*Distinto Y Básico*' se publicó el pasado mes de octubre 2014 y ha tenido una enorme acogida, colocándose dentro del TOP50 en ventas en las primeras semanas de su lanzamiento. Cada uno de sus componentes, **Adán Robayna**, **Juan Dávila** e **Israel Quintana** han tenido una larga trayectoria profesional en el mundo de la música. Desde que en noviembre de 2012 decidieran unir sus voces en este proyecto, han cosechado el cariño del público.

Each of the band members, Adán Robyana, Juan Dávila and Israel Quintana, has extended professional experience in the music industry and, since joining forces for this project in 2012, they have won the hearts of audiences wherever they have performed.

SET LIST (SHOWCASE):

- If you Leave me Now (Peter Cetera)
- Zapping
- Sway (Luis Demetrio, Pablo Beltran Ruiz)

SwingStar offer something more than just a performance - a perfect combination of intimacy and on-stage vitality in which the three voices blend with accompanying guitar to offer interpretations of such well-known hits as "Have you ever really loved a woman", "This afternoon I saw it raining", or "Eternal Flame", all with the characteristic style of SwingStar. This band boasts a consolidated fan-base in the Canary Islands. Having hung 'Sold Out' signs in the majority of venues where they performed, they began touring the rest of the country in addition to offering their services - via this audition - to the international cruise-liner market. Their first release, 'Distinto y Básico' came out in October 2014 and has enjoyed great success, reaching the Top 50 in the first weeks following its launch.
