Motown. The Show!

The Battle of the Stars: The Temptations vs Four Tops.
George Peña's special collaboration

"Motown. The Show" una producción recién estrenada en Junio de este año en varias delegaciones de Romantic y Unanimia al unísono con las mismas características y similar éxito, que hoy nos complace presentar oficialmente en esta importante cita y además con formato superior para grandes teatros de cruceros, eventos especiales, etc.

...y todo empezó con una de las visitas periódicas al *West End* de Londres por alguien del equipo Romantic Production para visualizar el musical de los grandes éxitos del sello Motown que ha dado como resultado después una trabajada adaptación al típico formato del show-concierto.

Uno de los espectáculos que marcarán una huella imborrable del Showcase 2019.

This new production made its debut in June of this year in various delegations of Romantic and Unnnima and enjoyed great success. Today we take great pleasure in unveiling the full version of this product which is more suitable for cruise ships, large theatres and special events.

This version of our production includes live musicians, two vocal groups, a female soloist and of course, **Berry Gordy**. It all began with a with one of our periodical trips to the West End in London by one of the members of our production team. After seeing “**Motown the Musical**”, we had the idea of adapting this story and making it into a show concert production.
